

Dear Hiring Manager,

I am writing to express my interest in a Software or AI-related position at BSRM Group. I recently completed my B.Sc. in Computer Science from Ahsanullah University of Science and Technology and would welcome the opportunity to contribute my technical skills in a professional industrial environment.

I have experience in Python programming, machine learning, and deep learning frameworks such as TensorFlow. Through my projects, I have worked on training and evaluating machine learning models and exploring efficient deployment techniques for practical systems.

I am particularly interested in applying software and AI solutions to real-world industrial problems such as automation, data analysis, and intelligent systems. I am motivated to continuously learn and improve my engineering skills while contributing to meaningful projects.

I would be grateful for the opportunity to join BSRM and contribute to your team.

Thank you for your time and consideration.

Best regards,

Saikat Das

B.Sc. in Computer Science

Ahsanullah University of Science and Technology
